## Automotive AGM

2x Durability & Dependability • 2x Cycle Life\* • 20x Vibration Resistance

Duracell automotive batteries offer a complete, powerful line of maintenance-free products for cars, light trucks, and SUVs that has a name synonymous with the dependability and performance people know and trust.

Today's vehicles have more electronic accessories that demand extra power. Duracell Automotive AGM batteries are specially designed to easily handle LCD viewers, GPS systems, high-amp stereos, powered windows or doors, cell and smart phone charging, and anything else that plugs in or turns on.

Designed for more efficient recharging, these batteries actually recover faster in the vehicle's charging system than conventional flooded designs to deliver more accessory power longer. Advanced AGM technology delivers 2x durability, 2x dependability, 20x the resistance to vibration\*, and 2x cycle life\* with high cranking power for cars, LTV, SUV, Minivans, and other passenger vehicles.

### Now Featuring DuraMAT™ Components

#### More battery power protection with...

- Superior electrolyte absorption
- No free-flowing electrolyte
- Shock absorbing material
- Optimized power flow

These premium batteries are also ideal for tuner cars or off-road vehicles, offering superior power for high-performance equipment and a high-impact design for rugged, back road adventures. Also available are Duracell OE Exact Fit AGM batteries to meet the strict EN standards of hard-to-fit imports.

Meet your customers' need for long-lasting accessory power with Duracell Automotive AGM batteries.

### TRUST IS POWER.

Visit [www.driveduracell.com](http://www.driveduracell.com) to see the entire line of battery solutions for any application need.

### FOOTNOTES

– All batteries have SAE automotive posts

2. Black cover / Gray case
13. Absorbed Glass Mat technology
16. Dual terminal universal design
17. Includes handle
18. Includes top adapter
22. Flush manifold vented cover
24. CCA is EN rating
37. For height with adapter, add 7/8" (22mm)

38. "Non-spillable" defined by DOT (Department of Transportation) definitions
39. "Non-spillable" defined by ICAO (International Commercial Airline Organization) and IATA (International Airline Transport Association) definitions
45. If battery is used in on-highway vehicles equipped with two-way radios (such as taxis, police, and emergency vehicles), marine applications, off-highway use, and other non-automobile usage, free replacement warranty will be 6 months and 3 months in full electric vehicle use.

46. If battery is used in on-highway vehicles equipped with two-way radios (such as taxis, police, and emergency vehicles), marine applications, off-highway use, and other non-automobile usage, free replacement warranty will be 18 months. Free replacement is 12 months in deep-cycle use and 3 months in full electric vehicle use.
78. Shipped with 22mm height adapter
- J. JIS terminal pencil post 5/16" bolt and hex nut (T881)

Not just another battery offering, the Duracell AGM line delivers the best single source of premium AGM battery power solutions for the automotive, import vehicle, marine, power sports, and commercial markets. The variety in the Duracell AGM line has batteries to best service the vehicle and user's needs by integrating the optimal balance of starting, cycling, and deep cycling performance.

Designed for more efficient recharging, these batteries recover faster in the vehicle's charging system than conventional flooded batteries to deliver more accessory power longer.
